### **Membership Benefits:**

- Students can more easily find you: You can choose to be listed on our organization's website where prospective students will look to find local teachers. Visit our website at [www.cnyamt.org](http://www.cnyamt.org)
- Further Musical Enrichment: Workshops and master classes with visiting artists, recitals, and competitions are highly motivating for developing student musicians.
- Professional Support: Whether a new teacher or a seasoned one, we feel it is important to support and encourage each other. We offer lectures, discussions, workshops, and social events.
- Pedagogical Enrichment: Some workshops are provided for the students benefit, and others are aimed toward the pedagogy and psychology of teaching.
- Performing Opportunities: Recitals give teachers the chance to provide all levels of students with performance opportunities in a variety of venues: large formal halls (Park Central Presbyterian) and community locations (Liverpool Library, Barnes and Noble and The Piano & Organ Center). Some recitals are theme oriented. All are supportive environments for both solo and ensemble performance. For the students ready for an extra push, there are competitions held every year. One is geared toward pianists, another toward vocalists, and a third for instrumentalists. Park Central and St. David's, respectively, have superb Steinway D and B grands. CNYAMT is a part owner of the Steinway D at Park Central.
- Music Scholarships: For elementary thru high school students attending summer music camps, scholarship competition winner(s) for seniors, and a merit scholarship for a senior going into music as a major or minor

### **Membership and Benefits Policy**

The annual membership fee is due on or before midnight of October 1st.

New members will be entitled to all benefits beginning on the first day of membership.

- A member who inadvertently allows membership to lapse, will be entitled to all benefits upon renewal during the lapsed year if the member can make the case for inadvertency to the membership chair who has the authority to reinstate the member or bring the request to the board.
- Membership and full benefits may be renewed in full following a logical lapse due to a withdrawal from active teaching for one full year or more.
- A lapse that is not related to withdrawal from active teaching in the Central New York region will necessitate three successive years of active dues-paying membership before student eligibility for senior scholarship or student participation in the piano competition will be re-activated.

This policy was necessitated by occasions of inconsistent membership taken only when students were eligible for certain benefits.
